

the Katalina

Step 61 – Handstitching Zipper Tab in place INSIDE Bag

Step 61- Open zipper & push “tabbed” zipper end INSIDE Bag. Pin Zip Tab in place along Bag Lining seam. Handstitch in place thru Bag Lining seam & Wall for security.

Tip Box–*Stitching your Zip Tab in place this way will make it much easier to close and open your bag. It’s not necessary to stitch it in place all the way thru Ring Tab, but including the Wall in this stitching will anchor the Tab in a more stable way.*
