Steps 44-47

Finishing Band Attachments

Step 44— Here's how your Bag should look after completing step 43b, with the Bands pulled upright.

Step 44a— Now pull rectangle loops completely UP into top edge of Band. Pin in place.

Step 44b— Pin in place to secure & then stitch as close as possible to the loop edge within the folds of the Bands, using a zipperfoot.

Step 45— Now stitch horizontally across each Band again, ~1/2" below the step 44b stitching.

Step 46— Now stitch close to the Band edge beginning at the step 45 stitching, & proceed vertically until you reach the Band stitching which stopped at step 9, and at step 21.
