

Bangle Buddie- Attaching Bag Back - Step 41

Retrieve Bag Front from step 38. Place it EST with Bag Back (*Mesh side or elasticized side of Center unit will be facing OUT*) by first aligning triple notches along Base edge, then ALL other notches & edges.

Using a zipper foot in this step and thru step 43, stitch in place a FULL 1/4" from edges with **Bag Back LSD** on machine bed. Restitch for security. Clip off notches & even up the edges.

CAUTION!
Your ENTIRE bag will now be INSIDE-OUT!
Please take note of zipper warning in the Tip Box below step 38!!
