

Baggalista- Step 50

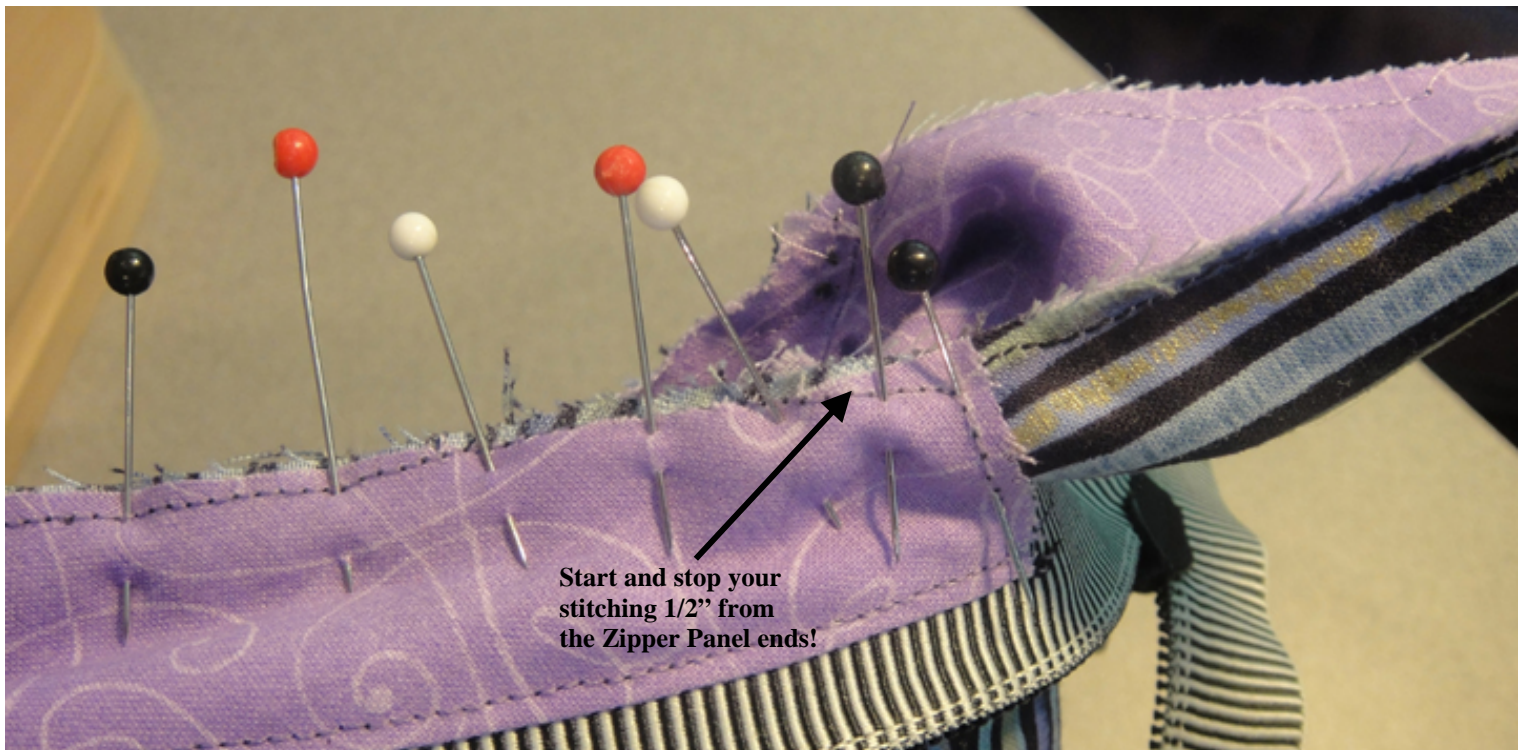

Installing Zipper Panels- Page 1

Start and stop your stitching 1/2" from the Zipper Panel ends!

As you align your Zipper Panel to the top of your bag, you'll need to bend the extension of your Expander BACK to make your purse top edges as straight as possible.

But remember! When you stitch them in place, start your stitching 1/2" from the Zipper Panel ends!

Start and stop your stitching 1/2" from the Zipper Panel ends!

And here's a close-up!
