

# Transferring Important Pattern Marks to Fabric

The “black circles” that are on the side edges of these pattern pieces; Side Wall(#5), Bag Lining(#7) & Zip Panels(#15) need to be transferred to your fabric edges. These marks are extremely important in steps 35 thru 37. I generally make my marks in something more permanent than chalk. My weapon of choice is usually a sharpie marker, but please keep in mind that this might not be the best idea if you’re planning on using a very light colored bias tape.

Here’s some examples below.

*Preliminary Step A from “the Attache Bag”*
