

Placing & Stitching Mag Snaps in Place

C1- Carefully cut out the area WITHIN mag snap circles on Bag Front in fleece (#12b) **pattern piece** . Now, with Bag in fleece on flat surface (**w/fusible-side UP**), replace pattern piece on it (aligning all outside edges). Mark along edges **within** magsnap cutout area to transfer snap placement to fleece with a marker

Preliminary Steps B1+2 and C1+2 from "the Attache Bag"

C2- Place remaining piece of magnet set **MSU** within outlined area on fusible-side of the fleece then secure placement with pins...

Then stitch in place close to plastic edges of magnet.

Step B1+2

Use the exact same technique to stitch the sew-in magnet to your Closure fleece (#12)
