

the OutBreaker

Steps 48-51 Final Stitchings- (page 1)

Step 48-49- I hope you didn't stitch these Zipper Panel openings closed! Open them up if you did and stuff a Strap end into each opening for about an inch then stitch in place twice! Reinforce this stitching too!

Step 50— Now place your Bag “back-side DOWN” with the top link flipped up & away from Bag. Push your Zipper Panel end inside the remaining Top Link opening (hopefully you didn't stitch this closed either) and then carefully stitch in place as shown!

the OutBreaker

Steps 48-51 Final Stitchings- (page 2)

Step 51— And finally, here's a good look at the final Bag Handle attachment. Choose your bobbin thread wisely, because this stitching WILL show on the inside of your Bag!!

Congrats! You DID it!
