4a) Carefully cut out the area **WITHIN** the mag snap circle that's printed on the following pattern pieces:

Bag Top (#1) and Pouch (#2)

4b) Now replace each pattern piece onto it's respective foam cutout, aligning outside edges & re-securing it with pins. Mark along the inside edges of both mag snap cutout circles to transfer this placement directly to each piece of foam.

4c) Your foam pieces should look like this when you're done.

5a) Separate magnet pieces. Place one magnet side **magnetic-side UP**, covering the outlined area on Bag Top in foam & likewise place the other side magnetic-side UP on Pouch in foam. Secure placement with pins.

5b) Stitch close to all 4 plastic edges of each magnet. Reinforce stitching.

5c) Your foam pieces should look like this when you're done.
