Step 29

Attaching Band Ends to Facings

29a) With Facing flipped UP, push a Band end thru a 1" wide metal ring, then center it OVER single notch on Facing bottom edge.

In the same way, place a metal ring on remaining 3 Bands.

29b) Stitch in place close to bottom edge of Facing.

And here's how each Band should look once the Facings are pressed back into Bag and step 29 is complete
